

Entertainment Package Option

This proposal is intended to give the customer options to consider for new home builds. If an option that you are interested in, that is not listed here, and is related to technology, please feel free to request that option by contacting us directly. We can be reached at 325-754-4009 (24 x 7, 365), or by e-mail at service@thecomputerguyonline.org.

We strive daily to provide our customers with the best options available for the needs they have. In doing so, we also do our best to ensure our customers are happy to the point that they will refer us to their associates, family and friends. To do that, we must maintain the level of service that will prompt the customer to do so.

The goal of The Computer Guy is to provide a full I.T. System support service at competitive rates, and to your 100% satisfaction. You need to be able to focus on your business – let us deal with all of your computing systems and computing needs for you. We provide a wide range of services: sales, full computer support, full server support, networking, software and application support and remote support, are just a few of the services offered by The Computer Guy.

Checkout all of our available services at:

www.thecomputerguyonline.org

and also check us out at

Networking:

Wireless and wired combined

This option will provide both wireless and wired networking in the home. This option does include any and all hardware needed to give the home owner wireless and wired connections.

Wireless router(s): We will only use top rated equipment: Cisco / Linksys and Netgear to name a few. All hardware will include a minimum of one (1) year warranty. Wireless routers and any other wireless devices will be secured to limit access to only authorized users. The following are included:

- 1) All labor and material / hardware.
- 2) 1 year warranty on all hardware.
- 3) 90 day warranty on labor.
- 4) One-time onsite (consult) usage instruction and configuration at no charge.
 - a. Customer must notify TCG with 1 week advance notice to arrange visit for one-time consult.
 - b. Configuration includes: locking router(s) with security access codes to restrict access.

Entertainment Package Option

Option 2:

Monitoring System

This option will include any / all hardware required to install a complete monitoring system. ***NOTE***: Some limitations will be in effect: remote device capabilities, Internet browser being used, etc.

We only use top rated equipment such as Vitek and Everfocus just to name a few. System will include a DVR lockbox (installed) mounted in a secure manner and secure / discreet location. Access to the monitoring system will only be provided to the owner of the equipment. The following are included:

- 1) All labor and material to complete the installation and configuration of the system.
- 2) Up to a 3 year warranty on hardware.
 - a. Warranty based on selection of hardware used at time of installation.
 - b. A minimum of 1 year warranty on all hardware with the exception of cabling.
 - c. 1 year warranty on all monitoring system cabling.
- 3) 90 day warranty on labor.
- 4) One-time onsite (consult) usage instruction and configuration at no charge.
 - a. Customer must notify TCG with 1 week advance notice to arrange visit for one-time consult.
 - b. Camera relocation while onsite for one-time onsite (consult) usage instruction and configuration at no charge.
 - i. The camera relocation will be free if performed during the one-time onsite visit. Otherwise there is a fee that will be charged, per camera to be relocated.

Entertainment Package Option
